

40 KVA UPS Technical compliance sheet

Annexure-2

Supplier Name

Offered product Details

(Data sheet to be attached for technical evaluation)

	Description	Offered Specification	Compliance Status
	Offered UPS Make		
	Offered Model Number		
1	Capacity in KVA		
2	Classification		
3	TECHNOLOGY		
4	Back up		
5	Operating Input voltage		
6	Operating frequency		
7	In put Power factor		
8	OutPut voltage		
9	Operating frequency		
10	Power factor		
11	Waveform		
12	Voltage regulation		
13	Efficiency		
14	Over Load		
15	Voltage Harmonic Distortion		
16	Bypass		
17	Type of Battery		
18	Battery Backup		

19	Battery Storage (Make and model Number)		
20	Battery warranty		
21	Suitable gage Cabling for input,output and Battery connectivity (15 meters)		
22	Paralleling kit for synchronising		
23	Product Safety Certifications		
24	Digital Metering		
25	UPS Warranty		
26	UPS Parallel Redundancy and Expansion		
27	Operating Temperature		
28	Relative Humidity		
29	Audible Noise (at one meter)		
30	Indications and audio alarms		
31	IP Protection		
32	Eligibility Criteria	Supplier should do a demonstration through online, UPS with same make & model for technical evaluation purpose, if LPSC warrants. Suppliers failing to demonstrate the sample UPS shall not considered for technical evaluation.	Agreed / Not agreed
33	DOWN-TIME COMPENSATION	Break-down calls have to be attended within 24 hrs of our intimation and system to be made operational within 48Hrs. LPSC reserves the right to charge penalty, in case the break-down are not attended on time. Down-time compensation at the rate 0.2% of the equipment value per day basis recovered from PBG.	Agreed / Not agreed

34	Scope Of the supplier	Supply and Installation of UPS and battery at Onsite (LPSC Valiamala). Including configuration of UPS parallel load balancing configuration.	Agreed / Not agreed
35	ePBG	ePBG @ 3% of total order value, for a period of 38 Months	Agreed / Not agreed
36	MII Content %		
37	Location of Value Addition MII		
38	Delivery period		

Supplier should furnish the compliance sheet and attach in technical bid along with technical data sheet. Incomplete offers will not considered for technical evaluation
