Total Estimated Cost for Project: As per evaluations

Terms & Conditions:

1. **Payment Terms:** Payment will be made in [percentage]% upon delivery and [percentage]% upon successful installation and commissioning.
 2. **Delivery Schedule:** All items must be delivered within [number of days/weeks] from the date of order confirmation.
 3. **Installation & Commissioning:** All equipment should be installed and tested by the supplier at no additional cost.
 4. **Warranty & Support:** The supplier should provide a warranty of at least [number of years] for all equipment and materials.
 5. **Delivery Location:** All items to be delivered to [specific address].
-

General Notes:

- **Specifications:** Ensure that the specifications match what is expected from each item (e.g., the RO Machine should meet certain water capacity, etc.).
- **Quantities:** The quantities mentioned in the BOQ are based on project requirements and may change slightly during implementation, but the total cost should reflect the specified quantities.
- **Payment:** A clear breakdown of the payment terms will help avoid future disputes.
