No:REC/AU/8-10/2024-25/ 258

Dated -03-09-2024

This is to certify that the multifunction machine being procured by **Office of the Principal Accountant General Audit Meghalaya Shillong**, has specifications that are not currently available under the "Make in India" initiative. Despite our best efforts to procure a machine that meets the required technical specifications from indigenous manufacturers, no such machine could be identified that fulfills the necessary high-performance criteria.

We request an exemption from the requirement to purchase under the "Make in India" policy. This will allow us to proceed with the procurement of this high-specification multifunction machine from an appropriate manufacturer, even if it is sourced from outside India.

Deputy Accountant General (Admin.)
